

## News Brief

### Seasons Greetings from the ICL Family

The ICL staff would like to wish everyone a happy and healthy holiday season and thank all of the folks we have had the opportunity to work with throughout the year—teachers, students, leaders in education, and business and community leaders. You have all touched us because of your commitment to improving the educational experience in classrooms and schools in our communities.

As we think about our accomplishments this year, our success has centered on the development and launch of our new website, **teacher-ready.net**, designed to provide resources to teachers “just in time.”

Also, Dr. Janet Pilcher and Dr. Robin Largue published *How to Lead Teachers to Become Great: It's All About Student Learning* in collaboration with Fire Starter Publishing and Studer Group. This book illustrates how education leaders can create conditions that foster and nourish a school full of great teachers. This book is aimed at assisting teachers in their efforts to help students achieve outstanding results - which is, after all, the goal of everyone involved in education.

Our goal for 2010 is to continue to offer quality information and events to teachers, principals, and community leaders and to connect education and the community. We hope you will join us in the New Year as we begin planning events such as the Mathematics Summit; Teachers Teach, Students Learn Academy with Dr. Harry Wong; and the Jerry Maygarden Leaders for Education Forum.

Join us in making 2010 the best year ever!
